

Exit survey 2009 part 2

Oops...Ms Getz left off a couple questions on the first exit survey so here's a short one with a few more questions.

Please answer questions honestly.

You'll have to trust Ms Getz that you will not be penalized for your responses. She will be looking to see who took the survey for the purposes of giving you credit only. Most likely she'll remove the names before reading the survey responses over the summer.

Q3 Ms Getz did not realize that you had to make a website for the Evening of Action/ Social Justice project. Now that you've had a class that gave you lots of classtime to make a website (instead of expecting you to do it on your own time), I expect you had much better instruction on how to make a website. Other than expecting Ms Getz to sacrifice lab time for computer time to work on the website, what advice do you have for the next time she asks students to make websites?

Q4 Did making the website for the GMO assignment help you with the Civics project? If so, how? (Yes, Ms Getz is looking for an ego boost. :-)

Q5 What are you doing next year? If you are going to college, where? Why are you doing what you plan to do or why did you choose that college? What do you plan to major in?

Q6 Are there any topics relating to biotechnology you wish we had studied? Are there any activities you wish we had done?

Q7 Any last chance comments?
